The Story  
Company Ethics  
Past Collections  
Let's Talk About the Future  
What Sets Us Apart  
What We Have to Give  
Reach Us

## THE STORY

...was founded with a rebellious spirit and a lofty objective: to offer high-quality comfort to modern women at a revolutionary price while leading the way for socially conscious businesses. We believe in a well-balanced life in which clothing is a powerful tool to express the wearer philosophy.

# Company Ethics

---

We've made it our responsibility to grow a sustainable company and attain a supply chain that is wary of our environment and people. We view our relationship with our customers as something truly unique. Our aim is to satisfy their needs in a simple, quick, and efficient way.

# What our brand stands for

Sustainable, affordable, and quality style

## Made to Order

---

To maintain a genuinely ethical process, we produce minimum stocks and work on a made to order basis, thus reducing the waste and over-production.

## Ethical Trade

---

All of our products are manufactured in India under suitable conditions, following a ban on child labor, forced labor, discrimination, and in compliance with environmental legislation.

# Past Collections

---

## URBAN LEGENDS - Capsule Collection SS 2020

A tribute to the urban/street artists that made our present possible. In this theme, the street is loud, full of colorful paintings on walls by street artists for us to admire.

## For the Glory of INK BLUE - Capsule Collection SS 2020

The fashion landscape is looking for ways to minimize overconsumption and reduce the level of pollution that this industry is making. This capsule is about reusable, organic fabrics and natural pigments.

## REmake - Capsule Collection AW 2020

Inspired by streetwear looks of the 80's & 90's retro athleisure influence of music & sports culture skateboarding. The capsule reviles wide and practical graphical patterns re-arranged, re-edited in a contemporary flair.

We believe in a well-balanced life in which clothing is a powerful tool to express the wearer philosophy.

# Let's talk about the future

---

# The Key Elements Behind This Collection

---

## Two capsules collections

Aiming to satisfy the modern women's needs in a simple, quick, and efficient way, we decided on making one capsule dedicated for day-to-day activities and one for office use.

## Modernist and Practical

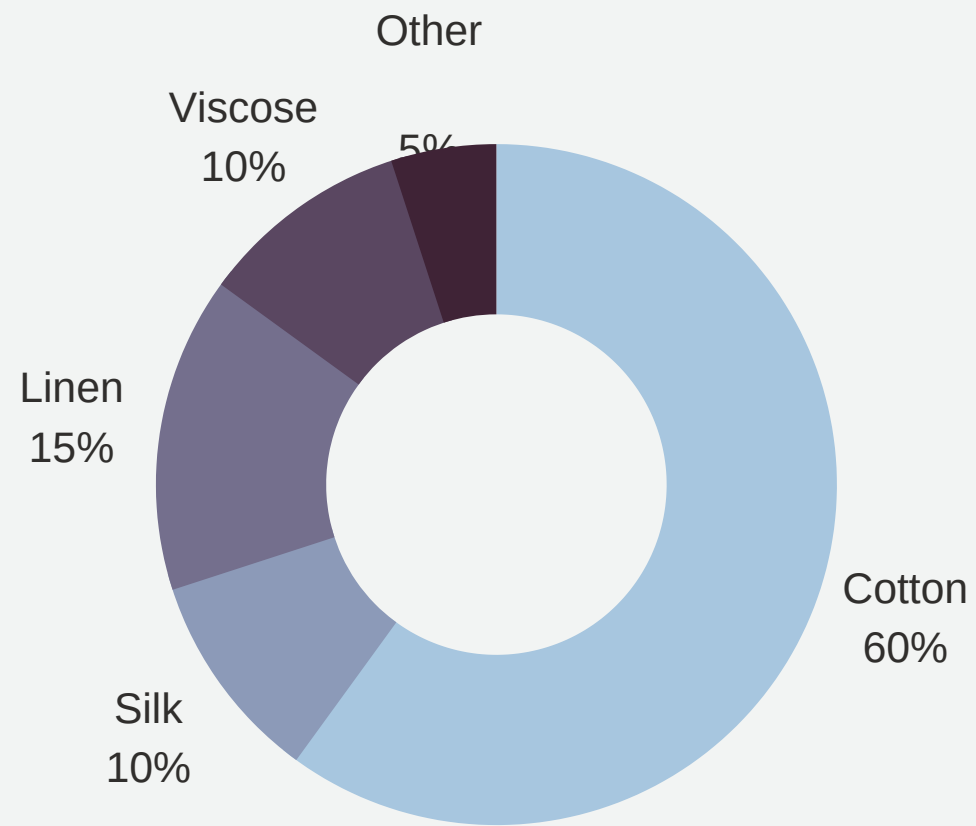

All our clothing is designed having the idea of comfort as a key point. Clean, sharp, fresh look, this is our goal.

## Natural Fabrics

For the love of her we pay special attention to the raw materials we choose for our products. In 2019, we stepped up the use of more sustainable fibers.

# Our Goals

## SHORT AND MEDIUM STRATEGY

We aim high, knowing that patience and ambition to succeed is the key. These are our five years goals plan.

**“Reduce, reuse, recycle”** using deadstock fabrics. By using means of fabric manipulation in order to give them a fresh new look we are aiming on including them onto our collections.

Using only **recycle plastic** packaging, eco-conscious materials, and soy-based pigments.

We are working on making an **B2B online shop** in making the order process much easy for our partner agencies. By 2025 we aim to partnering with 15 agencies.

Introducing new technologies into our business model:

- **3D clothing software**, reducing the human error factor and waste on prototypes making.
- customer service & logistics technologies as new areas for growth.

# What Makes Us Special?

---

WHAT SETS US APART

We use natural fabrics.

Accessible - multiple  
ways of doing business  
with us.

Socially conscious  
business.

# What We Have to Give

## PRODUCT & SERVICE

### Ready-made collections

We make two seasonal womenswear capsule collections, under the label TAGLIT. We commercialized our collections through our five boutique partners agencies.

### Production

We offer services for a variety of services from pattern cutting execution to sewing and packaging. Our production capacity is of 30k pcs per month. In the past, we are working with brands like Macy's, Influence, Paris Louise, Stienmart, Bonnet, Happy Girl, Belk, e.g.

### Design services

For businesses that are looking for expressing their creativity we can make prints, embroidery, and laser cut projects on demand, brainstorming on the best solution for our clients.
